

ESSENTIAL OIL NOTES

BASE NOTE ESSENTIAL OILS

1. Himalayan Cedarwood - *Cedrus deodara*

Himalayan Cedarwood Essential Oil is a beautifully woody aromatic oil steam distilled from the wood of *Cedrus deodara*, a true cedar species native to the Himalayan region.

Its aroma is soft, dry, woody, balsamic and subtly smoky, with a smooth, gently sweet character

For aromatherapy applications intended to support emotional wellness, Himalayan Cedarwood Essential Oil is grounding, and it helps promote a sense of calm.

Aromatic Description

Himalayan Cedarwood Essential Oil smells soft, dry and woody. It has balsamic, resinous and subtly smoky nuances, accompanied by a smooth, grounding sweetness.

Base

Strength of Initial Aroma

Medium

2. Frankincense - *Boswellia Serrata*

Perfumery Note

Base

Strength of Initial Aroma

Mild - Medium

Frankincense Essential Oil is used most often for spiritual, perfumery and incense /room fragancing applications, but it is useful as an expectorant and sometimes is used in respiratory and cough formulations.

Aromatic Description

Frankincense Essential Oil smells fresh, woody, balsamic, slightly spicy and fruity.

3. Myrrh Essential Oil - Commiphora myrrha

Myrrh is a tree resin that has been used and valued since ancient times for its medicinal, cosmetic, aromatic and spiritual applications.

Perfumery Note

Base

Strength of Initial Aroma

Medium - Strong

Aromatic Description

Myrrh Essential Oil smells warm, earthy, woody and balsamic.

4. Patchouli Essential Oil - Pogostemon cablin

The fragrance of Patchouli Essential Oil is rich, earthy and grounding. In perfumery and fragancing applications, patchouli is a base note that acts as a fixative and grounds a blend.

Perfumery Note

Base

Strength of Initial Aroma

Medium

Aromatic Description

Patchouli Essential Oil smells deep, earthy and woody.

5. Vetiver Essential Oil - *Vetiveria zizanioides*

For perfumery/fragrancing applications, Vetiver Essential Oil is a base note and acts as a fixative. As mentioned above, it's quite strong on its own, but is so lovely when properly diluted or blended. The key is to use it judiciously.

Perfumery Note

Base

Strength of Initial Aroma

Bold

Aromatic Description for Vetiver Essential Oil

Vetiver Essential Oil smells woody, smoky, earthy, herbaceous and spicy.

6. Ylang Ylang Essential Oil - *Cananga odorata var genuina*

Ylang Ylang Complete is the essential oil obtained from a complete, uninterrupted distillation. There are instances when an oil labeled as Ylang Ylang Complete may really only contain a subset of the distillations. It may be prudent to check with your vendor to the exact distillation details of their Ylang Ylang Complete.

Perfumery Note

Middle/Base

Strength of Initial Aroma

Medium - Strong

Aromatic Description

Ylang Ylang Essential Oil smells exotic, floral, sweet and slightly fruity.

MIDDLE NOTE ESSENTIAL OILS

7. Bergamot Mint Essential Oil - *Mentha citrata*

Bergamot Mint Essential Oil is calming, relaxing, and is simultaneously uplifting to the spirits. Aromatically, Bergamot Mint Oil resembles a combination of fresh herbals, lavender, a touch of citrus and a hint of mint.

Perfumery Note

Top-Middle

Strength of Initial Aroma

Medium - Strong

Aromatic Description

Bergamot Mint Essential Oil smells fresh, sweet, herbaceous and minty. It also has subtle underlying citrus and floral characteristics.

8. Cinnamon Essential Oil - *Cinnamomum verum* / *Cinnamomum zeylanicum*

Aromatically, Cinnamon Bark Essential Oil is much more intense in aroma than ground cinnamon. Cinnamon Bark Oil tends to be warming, stimulating and energizing.

Perfumery Note

Middle

Strength of Initial Aroma

Strong

Aromatic Description

Cinnamon Bark Essential Oil smells peppery, earthy, spicy, bright yet slightly woody.

9. Eucalyptus Essential Oil - *Eucalyptus globulus*

It's also a great essential oil to use in massage or other topical blends to ease muscular pain and arthritis.

Eucalyptus globulus Essential Oil primarily consists of the oxide 1,8 cineole (also known as eucalyptol or just cineole). The cineole content is what is primarily responsible for giving *Eucalyptus globulus* its aroma and key therapeutic benefits for respiratory health and pain relief.

Perfumery Note

Top - Middle

Strength of Initial Aroma

Strong

Aromatic Description

Eucalyptus Globulus Essential Oil smells fresh, medicinal, woody and earthy.

10. Geranium Essential Oil - *Pelargonium graveolens*

Geranium Essential Oil rightfully holds a beautiful reputation as an essential oil that is especially well suited for women. It's supportive to the reproductive system, menstrual cycle and during the course of menopause. Its benefits, however, don't just end there. It's a wonderful essential oil for use in balancing the skin's production of sebum and in helping with acne.

Perfumery Note

Middle

Strength of Initial Aroma

Very Strong

Aromatic Description

Geranium Essential Oil smells floral, fresh, sweet and slightly fruity.

11. Lavender Essential Oil - *Lavandula angustifolia* (Synonym: *Lavandula officinalis*)

Lavender Essential Oil is well known for its sedative properties and for its ability to help calm stress and anxiety and to help promote sleep. If used in excess, however, Lavender Oil can actually act as a stimulant.

Perfumery Note

Top/Middle

Strength of Initial Aroma

Medium

Aromatic Description

Lavender Essential Oil smells floral, fresh, sweet, herbaceous and sometimes slightly fruity. It can be slightly camphorous.

12. Lemon Eucalyptus Essential Oil - *Corymbia citriodora* (Synonym: *Eucalyptus citriodora*)

Lemon Eucalyptus Essential Oil contains approximately 80% citronellal, an aldehyde that is strongly responsible for its aroma, antimicrobial properties and insect repellent capabilities. Emotionally, Lemon Eucalyptus Essential Oil is an energizing, uplifting essential oil that isn't too overpowering or stimulating.

Perfumery Note

Top - Middle

Strength of Initial Aroma

Medium

Aromatic Description

Lemon Eucalyptus Essential Oil smells sweet, lemony and fresh.

13. Marjoram Essential Oil - *Origanum majorana*

Marjoram Essential Oil is quite balancing to the body and the mind. Emotionally, Marjoram Oil is helpful for use with stress, anxiety and grief.

Perfumery Note

Middle

Strength of Initial Aroma

Medium

Aromatic Description

Marjoram Essential Oil smells herbaceous, sweet, woody and has an underlying delicate floral note.

14. Neroli Essential Oil - *Citrus aurantium*

Perfumery Note

Middle

Strength of Initial Aroma

Strong

Aromatic Description

Neroli Essential Oil smells intensely floral, citrusy, sweet and exotic.

15. Nutmeg Essential Oil - *Myristica fragrans*

Aromatically, Nutmeg Essential Oil is a warm, spicy essential oil that is sweet and somewhat woody. It blends beautifully with other essential oils in the spice family. It also blends well with floral, citrus and wood essential oils.

Perfumery Note

Middle

Strength of Initial Aroma

Medium - Strong

Aromatic Description

Nutmeg Essential Oil smells spicy, sweet and woody. It is similar in aroma to the cooking spice, but it is much more fragrant.

16. Palmarosa Essential Oil - *Cymbopogon martinii*

For emotional applications, Palmarosa Essential Oil can be helpful during times of anxiety and can be comforting and help soothe grief, emotional wounds and help diminish anger

Perfumery Note

Middle

Strength of Initial Aroma

Strong

Aromatic Description

Palmarosa Essential Oil smells fresh, floral and sweet.

TOP NOTE ESSENTIAL OILS

17. Holy Basil Essential Oil *Ocimum tenuiflorum*(Synonym: *Ocimum sanctum*)

The warm, sweet aroma of Holy Basil Essential Oil lends well for creating energizing/stimulating diffuser and room mist blends.

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Holy Basil Essential Oil smells strong, warm and spicy.

18. Bergamot Essential Oil - *Citrus bergamia*

The aroma of Bergamot Essential Oil is reminiscent to that of Orange Oil, but it is wonderfully more complex.

Perfumery Note

Top

Strength of Initial Aroma

Medium

Aromatic Description

Bergamot Essential Oil smells citrusy and possesses a beautifully complex aroma with underlying floral and bitter characteristics.

19. Blood Orange Essential Oil - *Citrus sinensis*

Perfumery Note

Top

Strength of Initial Aroma

Medium-Strong

Aromatic Description

Blood Orange Essential Oil smells similar to Sweet Orange Essential Oil, however Blood Orange Oil is slightly tarter and has a more complex aroma.

20. Silver Fir Essential Oil - *Abies alba*

Aromatically, Silver Fir Essential Oil is a middle note that blends especially well with essential oils in the conifer, wood, citrus, mint, and herbaceous families. It possesses a fresh, woody, sweet, "forest" aroma.

Perfumery Note

Top - Middle

Strength of Initial Aroma

Medium

Aromatic Description

Silver Fir Essential Oil smells fresh, woody, coniferous, earthy and sweet.

21. Lemon Myrtle Essential Oil - *Backhousia citriodora*

Aromatically, Lemon Myrtle Essential Oil blends well with essential oils in the citrus, wood, floral, camphorous, and mint families.

Emotionally, Lemon Myrtle Essential Oil is a wonderfully uplifting oil. When used in low dilutions, it can simultaneously help to calm fragile nerves and help with anxiety.

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Lemon Myrtle Essential Oil smells fresh, sweet and has an intense lemony aroma.

22. Lemon Essential Oil - *Citrus limon*

Lemon Essential Oil has a powerfully fresh traditional lemon fragrance that is quite energizing and uplifting.

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Cold pressed Lemon Essential Oil has a fresh, bright, zesty aroma that more closely mirrors the scent of a freshly peeled lemon than that of steam distilled

Lemon Essential Oil. Steam Distilled Lemon Essential Oil tends to have a softer, sweeter, and less sharply "zesty" scent.

23. Lemon Grass Oil - *Cymbopogon flexuosus* (Synonym: *Andropogon flexuosus*)

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Lemongrass Essential Oil smells fresh, lemony and slightly herbaceous.

24. Mandarin Essential Oil - *Citrus reticulata*

Aromatically, Mandarin Essential Oil blends well with many other essential oils including citrus, floral, wood, spice and herb families of oils.

Perfumery Note

Top

Strength of Initial Aroma

Medium

Aromatic Description

Mandarin Essential Oil smells sweet and citrusy. Red Mandarin Essential Oil is the sweetest of the mandarin essential oils. Green Mandarin Essential Oil is the most tart in aroma because it is cold pressed from unripened mandarin rinds. Yellow Mandarin Essential Oil features a semi-sweet and semi-tart aroma.

25. Lime Essential Oil - *Citrus aurantifolia*

Perfumery Note

Top

Strength of Initial Aroma

Medium

Aromatic Description

Lime Essential Oil smells fresh, citrusy, sweet and slightly tart.

26. Peppermint Essential Oil - *Mentha piperita*

Emotionally, Peppermint Essential Oil is stimulating and is a good choice for inclusion in blends intended to help enhance alertness and stamina.

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Peppermint Essential Oil smells intensely minty. Its aroma is reminiscent of peppermint candies, but it is more concentrated and is more intense in fragrance than Spearmint Essential Oil.

27. Dalmatian Sage Essential Oil - *Salvia officinalis*

Aromatically, Dalmatian Sage Essential Oil possesses an herbaceous, fruity, fresh, camphorous aroma that blends well with essential oils in the citrus, spice, mint, wood and herbaceous families.

Perfumery Note

Top

Strength of Initial Aroma

Strong

Aromatic Description

Dalmatian Sage Essential Oil smells herbaceous, fruity, fresh and camphorous.

28. Spearmint Essential Oil - *Mentha spicata*

The fresh, clean aroma of Spearmint Essential Oil blends well with other essential oils including peppermint, rosemary, basil, bay laurel, orange and lavender.

Perfumery Note

Top/Middle

Strength of Initial Aroma

Medium

Aromatic Description

Spearmint Essential Oil smells minty, fresh and perhaps slightly fruity in aroma. It is somewhat less intense than peppermint.
